WHY NOT

Permits for seven
dwellings

The Northern & Vermilion
Development Company, Ltd., with
bond office here, have taken out
permits for seven dwelling houses.
Work on all of these have been
started and a large party of carpen-
ters and masons are engaged on
the job.

The houses are all of comfort-
able family size, built of frame on
concrete foundation, "with basem-
ent and hot water tank. All the
houses are being wired as
built and will be lighted through-
out with electric lights. They are
two story high and contain a
bath and several rooms with
several rooms with several hall-
ways. The buildings are modern
in every respect and are within
a couple of blocks of the Alameda
school. A pretty ranchable addi-
tionally to both the family and
completeness of the houses.

There will be no difficulty in
finding tenants for all the new
dwellings.

work is well advanced. The
stone is being laid in a
solid frame and will rest in the
ground. The company will be
present and along the work.

Difference in Prices

Is sometimes very great, they differ with
different firms in a remarkable manner.
Where we excel in prices is being able to
quote you lower and give you better
material to boot. Price gets a big figure
in buying anything. So Does Quality
has the combination of High Quality
and Low Prices - the combi-
nation that cuts the most figure with buyers
of Building Material and that is the
combination that brings them our way.

His Handicap The young wife, released a new link, mysteriously completed that she had a right to put up with. Yes, replied her husband, and if you knew how little I have to put up with you would not like me to put up with a new link—Miss Transcend.	Unwarranted Plagiarism We hardly look for humor in editorial dictation, yet no one has exhibited audacity sicker as an editorial note produced by reverend the pastor. For which error others are paid well and small rhymes are possible—Miss Transcend.
Differed None I don't think I have a right to say much about you though when I come inside a hole. Well, I have a right to say that I don't have to come inside a hole.	Agreed Washington, D. C. Yes, I agree. Your letter about a right to say much about you though when I come inside a hole.

THE man who goes a-travelling needs clothes effective in appearance and suitable to his purpose. Travelling men hand wear, also, as a rule, having a quality of appearance, so that they may never be handicapped by an appearance that is out of place.

THE BEST way to be sure of the best is to go to the man who has a reputation for quality, and let it be a recommendation.

MOONEY'S

MOONEY'S BISCUITS

ONE TIRED WOMAN AND ONE LITTLE OWEN

You have probably loaned them yourself—perhaps are right now. Bright, warm all over Canada are getting away from this. They wait.

MOONEY'S BISCUITS are a most acceptable substitute for their own bread and biscuits.

MOONEY'S PERFECTION

SODA BISCUITS

are the crispest, sweetest produce made. Better still, they are baked in Winnipeg, right at your very door. They come to you fresh as the product of your own oven.

You can have them in air-tight packages or sealed tins as you prefer.

THE SUPPLANTER

A Modern Romance by WILMOT KAYE

It is in the heart of the great West, where the sun is always shining, and the wind is always blowing, that the story of the Supplanter is told. It is a story of love and adventure, of the struggle for the mastery of the West. It is a story of the triumph of the young over the old, of the new over the old. It is a story of the triumph of the human spirit over the elements of nature. It is a story of the triumph of the human spirit over the elements of nature.

TO THE ELECTORS OF THE TOWN OF VERMILION

By the forthcoming election of Town Councillors.

At a request of some of the leading citizens of Vermilion I have decided to stand for election as a member of the Town Council.

I have had the privilege of a number of years residence in Canada and have built up in my life with Vermilion as the place of all others in which I desire to live. As a well-known citizen of the town, I am President of the Northern and Vermilion Development Company and other companies in the town. I am well known and it is my duty to maintain and preserve the welfare of Vermilion.

I represent in council in politics, my principles and objects are purely for the advancement of the town and its inhabitants as a whole without distinction. Every advance that is made in the town must be to the benefit of all who are connected with it. Prosperity can only come by progress.

Take North that led as an example. Two years ago it was a town no better than Vermilion is today. Its growth and advance were due to the enterprise of its citizens and their representatives on the Council. We can make similar progress to become a city like that.

This is a critical period in the history of Vermilion. It is beginning to develop and will grow rapidly. As it is built now it will be influenced for years. The plans put forward during 1914 will affect the future for longer than many realize. A broad outlook, soundest policy, business management of finances will be of inestimable value in the development of the town. Right planning and judicious action will lead to the saving of thousands of dollars later as well as the gain of thousands more by the enterprise and advancement shown.

My own policy may be summed up in a sentence. I am desirous that money should be spent judiciously but freely in the interests of the town, while keeping a tight hold on all expenditures. I desire to see the town built into a city of the town and, above all, I want to see some steps taken at a moderate pace and every cent wisely expended to secure the utmost benefit. To make Vermilion a city is the proper position among the best towns of Alberta. It must be progressive and to make it splendid material advantage by a progressive and judiciously administered policy.

Some of the policies that appear to me to be most important for immediate consideration and action are the following: 1. In 1908 the Council passed a by-law authorizing the borrowing of \$4000 to make a permanent and adequate water supply. It is necessary that the town should be properly supplied with water and that the water should be of the highest quality. As a representative of the town, I am prepared to see that this is done.

2. The lighting of the town should be so arranged as to be very small compared with the amount of money expended. 3. The town's economy in matters that call for attention and action in the interests of the town should be of the town. 4. There is a piece of land designated the Park. It is the duty of the town to see that this piece of land is properly maintained and that the town should be of the highest quality. As a representative of the town, I am prepared to see that this is done.

There are many other matters of some importance which could be mentioned for the welfare of Vermilion. But these appear to me to be the most important. I ask you, therefore, to consider the town fully and fairly and to vote in the election of November 11th for the Town Council of 1914. I will be very glad to see the result of the election.

LEADING VALUES IN HARNESS AND CUTTERS **BEST QUALITY AT THE LOWEST PRICE**

The harness sets which we illustrate here are all manufactured in our own factory from the finest grade material.
 For durability and strength they are unequalled at Eastern prices.
 When you buy harness from us you get the advantage of our liberal guarantee of good quality. If you are dissatisfied
 we return your money and pay the freight. There are no middlemen's profits or salesmen's commissions and expenses to be added to our prices. We sell direct
 to our customers and thus eliminate these selling costs which they would otherwise have to pay.

IMPERIAL FAIR HARNESS SPECIAL FAIR HARNESS

EXTRA STRONG WHITE DOCK HARNESS

Strongly Built and Durable Cutters

These cutters are very popular and are very special value at our prices. They are handsome in appearance, well
 upholstered and the general strength and good quality of the stock insure long service.

MEETING OF
ORGANIZATIONS

C.N.R. TOWNSTE CO. TO
PLACE RESIDENTIAL
PROPERTY ON
MARKET

Secretary Motion and
Matters of the Board of Trade and 10,
000 clubs, respectively, have arranged
a joint meeting of the two organizations
for Friday evening.

At 8 o'clock, among other matters
to be discussed will be a new
scheme for the location of the
town park. It is felt that
some tangible effort must be made
this spring to put the park into
shape so that it will no longer
be a disgrace to the city, and if
the plans to be presented that Friday
evening carry, the promoters
are hopeful of securing the long
desired addition for this district. All
the members of both bodies are
respectfully requested to keep the
date in mind and come prepared
to take up and discuss any matter
that may be brought before the
meeting. Ideas are wanted and the
influence of the location of the
property to carry them into effect.
In this way good work will be
done.

Successful At Home

The "At Home" given by the
Vermilion Club on Friday evening
of last week was most successful
and enjoyable function. The
club was in the hall of the
Hotel, ready to receive a very
large and attractive group of
visitors, and the program
arranged for the evening, which
included the singing of the
national anthem, the reading of
the minutes of the last meeting,
and the presentation of the
club's report for the year.

MEETING OF
ORGANIZATIONS

C.N.R. TOWNSTE CO. TO
PLACE RESIDENTIAL
PROPERTY ON
MARKET

Secretary Motion and
Matters of the Board of Trade and 10,
000 clubs, respectively, have arranged
a joint meeting of the two organizations
for Friday evening.

At 8 o'clock, among other matters
to be discussed will be a new
scheme for the location of the
town park. It is felt that
some tangible effort must be made
this spring to put the park into
shape so that it will no longer
be a disgrace to the city, and if
the plans to be presented that Friday
evening carry, the promoters
are hopeful of securing the long
desired addition for this district. All
the members of both bodies are
respectfully requested to keep the
date in mind and come prepared
to take up and discuss any matter
that may be brought before the
meeting. Ideas are wanted and the
influence of the location of the
property to carry them into effect.
In this way good work will be
done.

Successful At Home

The "At Home" given by the
Vermilion Club on Friday evening
of last week was most successful
and enjoyable function. The
club was in the hall of the

Spring Opening OF LADIES WEAR

On Tuesday, March 4th, we have decided to have a formal opening of our many new and varied styles in Dress Goods, Suits, Coats and Dresses.

The bed-fords Coats will be found much in evidence; this spring presenting a charming and serviceable gown.

Our suits and coats "The Rogers Garment" we consider the best made in Canada and the materials are of exceptional value and beauty.

CARNIVAL A BRILLIANT AFFAIR

Over 2000 Members on the Ice The Portagee Photo Winners

The first carnival of the season took place Tuesday evening. The entries were large and of a high class make up showing that the reputation earned by the rink of last year for sending stage and first affairs had not been a mistake.

The entries in all classes were numerous to mention, but the judges selected the following and presented them with a letter in order of merit.

Best Dressed Man - J. H. L. Dink, Maple St. Dr. G. Taylor, Irish Constable.

Best Dressed Lady - Miss M. Hansen, Square 2 Mrs. H. Dink, Xmas Tree.

Best Dressed Boy - J. McKinnon, 1111 1/2 St. T. Edwards.

Best Dressed Girl - Kath. Edwards, Battery 2 Hand McKinnon Avenue.

Conc. W. McKinnon, Women Suffragette 2 W. Fekken, Anna Lane.

There were great many more worthy of note and special mention on account of the cleverness of the design and the trouble and expense necessitated to bring out the effect. The Vermilion has supplied the music and many times the music with its own band, which was thoughtfully and thoughtfully.

VERMILION TO BE CREATED LANDS TITLE AND REGISTRY DISTRICT

Edmonton, Mar. 4.—It is pretty well understood in government circles here that Vermilion will be created a land title and registry district. It was at first intimated that Vergrille would be the location, but it is learned that this was never seriously entertained by the government. It may be taken as proof that a certain title registration district.

THE DUNDAS OF 1904

Sir James Dundas, who died exactly fifty years ago, lives in memory as one of the greatest military heroes of the age. Born in 1904, he obtained a captaincy in the military service with the East India Company and joined the 13th Regiment as adjutant in 1820, thus providing an experience that proved an immense advantage to him in his later career. He is remembered as a man with "wisdom of mind, shrewdness and nerve, and a heart of steel."

many others, and celebrities usually are all to be found on the platform in the "Satyrd" and "The People's Choice." What more can the heart of a reader desire? We are indeed fortunate to have people such as acquaintances to the town.

"Call a week ago who he heard of such a thing as a 'People's Choice' in Vermont." Now the delightful form of ice cream and fruit is before everyone to partiality. A taste of the cream, one which has been poured a solid five days hidden by his hands, makes a covering of delicious whipped cream, makes a dish from which the most unappetizing of the tastes of epicureans are made to fly.

We feel that we are expressing a public sentiment when we say that the disciples of Epictetus who have been the victims of the "People's Choice" are the only ones who are not to be surprised at their own success.

Death of J. Heyd

Mr. John Heyd passed away at his home, Northern Valley, at 1005 Madison street, at 10 o'clock on Monday, after a lingering illness of some days. He was 66 years of age and was a native of Germany. He was a member of the Lutheran church and was a very kind and generous man. He was a member of the Lutheran church and was a very kind and generous man. WASHINGTON, Dec. 10 (AP). —

Poisoned Death by Mail

Paris — Miss Marie Berge, a young artist, has been arrested in Paris on a charge of attempting to poison a woman named Lancel.

Miss Berge had written the poet a box of dates, which she thought was a present from a friend. She tasted one of the dates and was seized with agonizing pains, but persisted after consultation with a physician that the box of roppers had been introduced into the dates.

She was not supposed to have been murdered, but did not know who was who and didn't wonder what he was going to have for dinner.

Leopold Shooting at a Garden.
Paris. M. Louis Crouzet, 11, lives at Leval, but taking a stroll in his garden last evening, when he saw a yellow chimney pipe, shining like a flash, he fired at it, and hit him from a bush. He fired and hit two shots at the spot. To his amazement, a leopard, which was seen from a magazine, fell down.

Max Collins, Edmonton, is visiting with friends in town this week.

Excellent reports come in from all parts of the district as to the growth of the crops.

Died—On Tuesday, May, 1913, 1913, north of Vermilion, to Mr. and Mrs. W. H. Morley, a daughter, daughter of the late Mr. Morley.

The many friends of Mrs. (Died) Ryan will be pleased to hear that she is recovering splendidly and will probably be home within the month.

R. A. Fiske reports the sale of his house at Vermilion to South Vermilion, to local parties. West on Mr. Fiske's \$2000.00 residence is progressing rapidly under Contractor Wacker.

A very complete catalogue was given Tuesday evening of the mail order of R. L. McKay, First street north. There were about 100 people present. The reports were received by Mr. and Mrs. McKay.

The house owned by Mr. and Mrs. McKay is to be sold in the near future. The house is a fine one, and is well situated.

C. V. Coates of Edmonton, spent a few days in the district on business in connection with the mail order of R. L. McKay, First street north.

Saturday's Heavy Rain Was General

Reports From Outside Points Indicate General Rain Fall

More Rain Wednesday

A heavy and steady rain fell from 11:30 a.m. to 1:30 p.m. Saturday evening and has worked over all at all points. They are coming on well as well as the grain crop. From reports to hand at the Standard office from country points the rain seems to have been general over a large territory. Another rain set in Wednesday afternoon.

Over 2,500 people attended the Victoria Day celebration here. It was under the auspices of the "Ladies Club." It was a great day for the town. The celebration was held at the Victoria Hotel. The program opened with a large address by the Mayor. The program continued with the singing of the national anthem. The program closed with the singing of the hymn "God Save the King." The celebration was a great success.

Summer Reading

We have just opened a **Circulating Library** in Vermilion where you can get a good choice of **New Fiction**. We have placed about 200 recent copyrights in it and expect to keep adding to it from New Books as published.

If you want to be up to date and read the best of current fiction without having to buy them, ask us to loan our Library Program.

WINNIBOU JUNIORS

WIN THE RUBBER
The Vermilion Stars and Winnibou Juniors played the third game of the season at Mainville last Saturday afternoon. In each of these teams had a win to their credit the game Saturday was the rubber and went to the Stars youngsters by the narrow margin of 1 run after some exciting play.

The Stars had one run to the credit of the Juniors when they were in to last for their last innings, with two down they had run on 3rd and had when unfortunately "Sam" was fanned at the last. The score was as follows:-
Stars 10, Juniors 7.

LOCAL NEWS

On the morning of last night, a fire broke out in the
kitchen of the house owned by Mr. J. H. Hickey,
located on the corner of the intersection of the
Highway and the street leading to the
cemetery. The fire was caused by a gas
stove which had become overheated. The
fire was extinguished by the fire department
which arrived within five minutes.

Mr. Hickey's house is a two-story
frame building. It was built in 1910 and
has been the home of the Hickey family
since that time. The house is owned by
Mr. Hickey's son, Mr. J. H. Hickey, Jr.

Mr. Hickey's son, Mr. J. H. Hickey, Jr.,

Ask Your Doctor
Young man, said the Doctor, when
I give you my daughter I have
transferred you with the dearest treasure
of my life.

The young man was duly impressed.
Then, during a few moments of
private conversation that followed, he
saw the pallor of rain washed the
woman's face.

"Gladness!" he exclaimed, "I've
known that I haven't a daughter
May I borrow you to get on the stage?"

"I could not," said the sad mother.
"I wouldn't trust anybody on earth
with my daughter."

Flour trial is essential but it is not your work

Flour varies from time to time in baking quality. This is because wheat continually varies according to soil conditions, etc.

Therefore, if baking results are to be constant, the baking tests are essential. It is unreasonable to expect you to make these tests at your expense.

So from each shipment of wheat delivered at your mill we take a ten pound sample. This is ground into flour. The flour is baked into a loaf. If this bread is high in quality you will know it.

Mr. Edgar Henderson, resident at
Tahiti, is spending his Christmas
vacation with Mrs. F. Danesay.

For the best in Piano and
Gramophone see E. L. Hadley.

Mr. and Mrs. Frank Danesay spent
some days here with relatives at Kam-
nah, Sask.

Mrs. McCreesh and Mrs. C. Currie
returned from Pitt Rivers, Sask., on
Monday. Mrs. Currie is recovering
slowly from her serious illness.

The residents in town report a
splendid harvest on the Christmas
holidays. Had there been any more
it would undoubtedly have been fifty
per cent higher, but as it was, it was
the best in the history of the town.

—Nelson (United) Engine and
Choppers, will receive and inspect
them at E. L. Hadley's warehouse.

The biggest mail Vermilion has
ever had has been handled by Puni-
son and the rest of the letters.
The English mails were particularly
heavy. The outgoing mails were
mostly in excess of any previous year.
The incoming mail was a big increase
over previous years.

Vermilion's Second Annual Dinner
party, January 19th to 20th, 1914.
The dinner was given at the Hotel
and Individual Places—a grand
Christmas and the best of good
fellowship. Report for the love of
sport.

A meeting is to be held at Friday
on Jan. 1st at 2 p.m. to be addressed by
Mr. Austin, with the view of the
establishment of an Alberta Farmers'
Co-operative Elevator there. This
would mean more money in the farmer's
pocket and the meeting should draw
a good crowd.

See The Bulletin for the current
style in clothes, the latest hand
bags, the world.

Mr. May, member of the Optician
club, gave a party to her
people a Friday, Dec. 19. The child
enjoyed all the good things pro-
vided for them and also had a smiling
face when Mrs. May handed them
present and wanted them all a Merry
Xmas. Mrs. May has one of the
best of the people and the respect of
the district. We are all very glad that
she will be able to return for the
winter but will be the best of luck in
the coming year.

The editor and his assistants
received an invitation from the res-
idents of the township of Red Bank
Main, to entertain their annual
banquet. Mrs. Cooper was one of the
first to volunteer to attend this when
it was organized and was the first
white child born in the town known as
the Black Lake country north of the
Peace River.

The milk is probably the
most important of all the
for as it is the basis of all the
of the ordinary respectable residents
of the neighborhood. The milk is
supplied from other and is gener-
ally poor compared as unadulterated.
Complaints have been made to the
Chief of Police of several times of
cough throwing off clothes line which
have taken place quite recently and
this is the only thing of this
kind going on.

Christmas day was spent quietly in
Vermilion. There were several dinner
parties and the hotels provided a spe-
cial menu for the occasion. A large
crowd attended the risk in the afternoon
and in the evening the opera
concerts were given. The Christmas
celebrations of the Presbyterian church
in the Hotel Group theatre, which
draw an overcrowded audience. The
program which was by the church
school children was exceptionally
good and much enjoyed by these present.

Special Speech in Response to "The Year of '14"

Waterbury, Alta. Jan. 2.—The Conservative of this district tendered their representative in the local legislature, (Geo. L. Hudson) a complimentary banquet at the Park Hotel this evening which was attended by over 75 people representing all sections of the riding. Among the prominent speakers were the grand of the evening, Mr. Hudson, and Messrs. J.R. Lavery, M.L.A. for Alberta, J.W.H. Morrison, Vermilion, J.G. Clark, from, ex-mayor Lally and H.E. Cook. Mr. Morrison responded to the toast "Canada" and made a splendid impression on the banqueters. He is a clear, forceful and eloquent speaker. Mr. Lavery made a splendid address in which he very ably reviewed the situation in local politics and improved his laurels with a thorough grasp of his subject-matter. Mr. Hudson was given a big ovation lasting several minutes and showed himself to be exceedingly popular as well as a splendid speaker, convincing and eloquent. The banquet was a big success.

Cummings News

The annual Xmas tree and concert was held at the hotel last night on Xmas eve. There was a good attendance and all thoroughly enjoyed the singing and reading of the carols. Mr. Hays had some good prizes to bring his pupils up to the "forever which was shown."
Messrs. O. Pickett and H. Wood spent the holiday at Calgary.

WILL DEBATE ORIENTAL QUESTION

Alberta College Students 2nd session meet Agri. College Students here on 16th.

A very interesting debate is promised for Vermilion on the night of the 16th, when the students of the Agricultural college will try to convince conclusions with the students from the Alberta College Edmonton as to whether the Orientals should be excluded from Canada. The respective teams are now busily preparing their arguments and a real treat is in store for those who will avail themselves of the opportunity of being present. The debate will take place in the assembly hall of the college.

A SHOCKING FATALITY

Little Arthur Lander Killed in Pump-house at Chipman

A shocking fatality occurred at Chipman a few days ago which resulted in the death of Arthur Lander the 9 year old son of William Lander of this town. Mr. Lander is engaged as pumpman for the C.N.R. at Chipman and it appears the little fellow went into the pump-house during the temporary absence of his father and came into contact with the machinery. His arms were caught in the rotation of one of the wheels and fatally lacerated. His arm was also caught in the wheels and he only was badly lacerated and injured. He lived only a short time. The parents have the deepest sympathy of the entire community in their bereavement.

Hockey Season Opens

Last night the hockey season opened at the skating rink with a game between the local team and the team from the local formation of a seven, which commenced up at Manitowish Tuesday and continued continuously with our neighbors.

The puck was faced at 8 p.m. and after two 25 min. periods a most extraordinary game was played in a tie, 1-1. It was the first time that the Vermilion septette had lined up together, so that considering the lack of practice and the soft condition of the ice the boys feel that they made an excellent showing. Vermilion lined up as follows:
Goal—Cassidy Point—Thelma C. Point—Plant. Rover Barnes; B. Wang; Hincery; Centre—McKinnon; L. Wang; Forward—

At the present time the boys are working hard to catch up with Edmonton who are in the lead in the league. This season when completed they expect to arrange a return match with the Marquette and also games with the local teams.

Colombians in the irrigated areas of
Colombia in the U.P.R. Irrigation
Block in Alberta are the direct
cause of the policy adopted by
the Canadian Pacific Railway of
allowing to its irrigated lands
rather than practical experience
in farming under shelter condi-
tions. Colombia is one of the
leading fruit states, and arti-
ficial use of water is a vital feature
of agriculture. A party of rep-
resentative farmers from that state
were shown over the irrigated
district in Alberta last C.P., and
were so impressed with the possi-
bilities of the Canadian district
that they at once agreed contracts
for all the land within the newly
made farm colony in the Rasmusen
district. These farmers with their
wives, families and effects will
leave Colombia by special train
about the 6th of March en route
for their new homes in Alberta.
The importance of this move-
ment to the development of West-
ern Canada can hardly be over-
estimated. The fact that the for-
most irrigation farmers of the
United States, after a personal
examination of the irrigated area
in Alberta, are selling the hold-
ings in Colombia and moving in
train loads in Canada tells its own
story. It is the last straw of
the great troubles which assail
the Canadian irrigation districts,
it shows that the opinion of the
practical and successful irriga-
tion farmers is the opinion of the
people in Canada are great. The

FARMHOUSE ENTERED VALUABLES STOLEN

Gentry, Harry, who arrived
Vermilion-Anderson

Mike Colman, a resident of the
settled address, was arrested last
Friday night in the street house
at Vermilion in connection with
the theft of a gold watch and chain and several
small articles, the property of
Thomas Thompson, a former resi-
dent of the town of Vermilion. His
house was entered and the watch
and chain were taken. The stolen
articles were found in the house
of the returning home Friday evening
last. The fact that the property
had been entered and a part of a
large house was left on the side-
board table. Further investigation
disclosed the fact that Mrs.
Thompson's gold watch and chain
and several other small articles
had vanished. The arrested
police at Vermilion were immedi-
ately communicated with and
Constable Cassidy was sent on
the next day. The officer received
instructions to look for the watch
and also going there and on
following up the trail he was led
to the street house at Vermilion.
Here he examined a number of
articles which were in a trunkhouse
in regard to the theft. The sections
of the watch and chain were found
and later taken to the police. The
watch was found in a trunkhouse
in the street house at Vermilion.

The Strength of Tiny Creatures

When compared with the strength of man, the strength of an ant is worrisome. Just one ant can carry a load 50 or fifty times as heavy as itself, and the ladybugs beetle can grow to nearly 100 times its own weight. The insignificant house fly gives a hundred pounds of his

Cold feet and hands indicate poor circulation. Those who suffer from this condition should keep their feet open to air; their feet are cold whether the weather is hot or cold. Rub the feet and rub well with the palms of the hands. Polishing the feet with oil lifts the body up on the life plane. Massage to increase the circulation of the blood. Avoid wearing heavy shoes and clothes. A very simple arrangement for the improvement of a person's feet is to place a pair of slippers in a sailing bag. Three or four if rain at the time is a precaution as French people do.

1000 MILES NEW RAILWAY BY C.N.R. IN ALTA. THIS YEAR

Toronto, Feb. 25.—No more than 1000 miles of the Canadian Northern Railway will be completed this year in Alberta, according to a statement made by Mr. Donald Mann, vice president of the railway.

Almost a thousand miles of railway will be constructed and local business building in transportation facilities will be developed.

The building game of hockey was played here Thursday morning between the local team and the visitors from the city of Edmonton.

The visitors were brought last night by the city of Edmonton.

1000 MILES NEW RAILWAY BY C.N.R. IN ALTA. THIS YEAR

Toronto, Feb. 25.—No more than 1000 miles of the Canadian Northern Railway will be completed this year in Alberta, according to a statement made by Mr. Donald Mann, vice president of the railway.

Almost a thousand miles of railway will be constructed and local business building in transportation facilities will be developed.

The building game of hockey was played here Thursday morning between the local team and the visitors from the city of Edmonton.

A Carelessly Treated Cold

is the source of most sicknesses because *drugged pills, sprays and alcoholic substitutes* are uncertain and unsafe.

Scott's Emulsion has been relied upon by physicians for forty years as the safe and sensible remedy to suppress the cold and build up the enfeebled forces to avert throat and lung troubles. *Don't tolerate alcoholic substitutes, but insist!*

Keats longer than a cold. Every druggist has it. 100

A young man who had spent his life in a country village went to Dublin to seek his fortune. On his way, he arrived at a crossroads where he saw a signpost that read: "Farewell to the Past, Hello to the Future." He turned back and said: "I don't want to say farewell to the past, but I want to say hello to the future."

The best reason for using paint outside is because of the fact that it protects your property against the wear and tear of the weather.

Of course it improves the appearance too, and adds much to market value if you wish to sell, but the chief reason is that the building that is kept painted keeps in good condition.

We are Agents for Sherwin-Williams Paints and Varianes. The makers of these paints have tested the principals of paint protection for years and so every Sherwin-Williams product wears well, and looks well.

There is economy in using good paint, so come and talk to us about—Sherwin-Williams Paint (Prepared) SWP for your buildings—S-W Porch Floor Paint for verandas and porch doors—S-W Wagon Paint for wagons and implements—S-W Buggy Paint for buggies, automobiles, porch furniture, boats, canoes, etc.

We haven't space here to tell you about all the different Sherwin-Williams products. Just remember that there is a special S-W finish for every kind of surface. Come and see about your painting needs.

Say, Mr. Farmer!

Did you ever figure what a Saving of 10 P.C. means to You?

Take Shaws for example—a \$4.00 lawn has 100 pens, costs you \$3.60, making a saving of 10 per cent.

Take Large Machines with a Discount of 5 P.C. and See the Saving

Take a Wagon for example \$100.00 less 5 per cent you \$95.00, making a saving of 5 per cent.

Now these Cash Discounts mean a Saving on the original price as well as a saving of 10 P.C. per year.

For the NEXT 60 DAYS we will give a Cash Discount of 10 per cent. on all orders for Shaws and Machines and a 5 per cent. on all orders for Wagons and Trucks.

NERVOUS PEOPLE

are usually thin and easily worried, sleep does not refresh and the system gradually weakens from insufficient nourishment.

Dr. Williams' Pink Pills corrects nervousness by force of iron and cod liver oil, restores the healthy action of body cells, revivifies the blood, sharpens the appetite, and leads the nerve centres by discharging energy and power all over the body.

Don't resort to alcoholic stimulants or drug concoctions that stimulate and deplete.

Get a bottle of Scott's Emulsion for your nerves—nothing compares with it, but insist on Scott's Emulsion.

TURKEY HILL

At the second meeting of the Turkey Hill branch of the T.P.A. it was decided to hold a special meeting in the Thorncliffe school-house, Thursday April 23 at 8:30 p.m. for the convenience of those north of the centre.

This meeting is for the purpose of getting in orders for a shipment of wire fencing and also to enlarge the membership. All of those interested in the welfare of the farmer should attend.

MUSIC:—Miss M.D. Milne (Honorary Certificate in Senior Advanced 1st) Trinity College, London, Eng., teacher of Piano, Theory & Organ.

W.R. Hayward has just returned from a trip into the north country. He reports the trails around the Bruce river utterly impassable for horses, but with a few warts of game, and a drop of poison—the old McLaughlin called along with some confidence. The car still carries the old ties put on at the factory and with nothing left now but the canvas—used without a puncture—“Goodness” explains this.

Harry A. Vance of Larchville and Mrs. Florence D. Graham of Chelms were married in marriage at the Presbyterian house on Wainwright, April 10, by the Rev. W.F. Allen, B.D.

BASE BALL IN THE AIR

Vermilion Hall Team Will Organize for A Big Season

The balmy air has brought out all the base ball fans and a general meeting to organize and elect officers for the 1914 season is to take place on Monday night next at 8 o'clock in the rooms of the Pastime Club. Remember, Monday night April 20, is the date—and all the old members and club supporters are requested to be on deck. The boys have the material this year and look forward to some big league games on their new grounds. When the committee make their rounds, be prepared to dip down deep and give the boys every encouragement—money is needed and lots of it to ensure the success of the team.

IT HAPPENED, NOT IN VERMILION BUT IN OLD TORONTO

Toronto, March 22.—William H. Balfour, staggered into Berkeley Street Methodist church last evening during the service and, gaining a seat in the auditorium, stood up, waved a big bottle of whiskey in the air and invited the preacher and the choir to have a drink.

“Come one, come all,” yelled Balfour.

The pastor sat down. The congregation shifted and shuffled. Balfour continued his invitation and general discourse on the fruitfulness of church-going. Then a policeman walked in and coaxed Balfour out. He was fined \$1 and costs by the magistrate the morning after.

"HOW TO START A RIFLE CLUB"

A very interesting 16 page illustrated leaflet has just been issued by the J. STEVENS ARMS & TOOL CO., Chicago Falls, Mass., entitled “HOW TO START A RIFLE CLUB”. This leaflet is for sale in detail and the National Rifle Association has done for the encouragement of Rifle Practice in this country—Inexpensive By Law - Posters on Shooting - How to Build a Rifle Range - R.R. Traps and Models. It also describes the famous Stevens “MILITARY” and “ARMORY MODEL” Rifles which have such a string of world victories to their credit the past season. The various achievements of these Target Rifles are listed in detail. The copy of “HOW TO START A RIFLE CLUB” shows in their actual order, the steps of the six various which have accomplished the most in educating the youth of this respective countries in the proper use of the Rifle and in the formation of Rifle Clubs.

Every boy and every boy's father, guardian or school teacher should send for this splendid leaflet at once. Write to J. Stevens Arms & Tool Co., Chicago Falls, Mass., makers of the largest line of Sporting Firearms in the World.

THE PRESBYTERIAN CHURCH

Rev. W.F. Allan, R.D. Minister.

W.J. Rutherford and H.W. Scott were ordained as elders on Easter Sunday at 11 a.m. and with Mr. Jas. Barr, who was an elder for many years in Ontario, were duly installed as ruling Elders in this congregation.

The congregation now has five Elders; the three new elders being chosen to meet the growing needs of the congregation.

A reception was tendered the new elders and the members recently received into the church on Monday evening April 20, in the church parlors. A very delightful evening was spent.

The Sunday School and Bible Class will meet next Sunday at 11 a.m. instead of the usual hour, on account of the special church service for the Oddfellows which will be held Sunday afternoon at 2.00 o'clock in the Church.

\$6000.00 For Cattle & Hogs

During the last three weeks W. N. Trimble has paid out to one individual over \$6000.00 for cattle and hogs. Three years ago this party went into grain growing on a large scale but decided that this was an ideal stock raising country and consequently went into the cattle and hog business on a substantial scale. The above results for the spring's sales is ample proof of the general adaptability of the Vermilion Valley for profitable stock raising.

DISTRICT COURT SITTING

The April sittings of the District Court for Vermilion were held in the Town Hall on Friday last. There was only one case on the docket for trial this being a criminal action brought by the trustees of the Yankee school district against W.A. Waltz, a former secretary-treasurer on the charge of misappropriating to his own use funds belonging to the district. The evidence of the witnesses produced on behalf of the crown showed that Waltz had admitted the shortage, but had stated that the money had been taken by the chairman, Ross, without his permission and if Ross did not pay the money over to notify him (Waltz) and he would see to it that the money was paid over to district. It was admitted on cross-examination that the opportunity to pay the money was not given Waltz, the information for the warrant having been laid the day following the audit. The accused explained the shortage to the court that the money had been taken by the Chairman and he accounted for the money and how it had come into his possession in the form in which it was. The judge commented at some length upon the evidence adduced, stating that in his opinion the accused had accounted satisfactorily for the loss of the money by him and that the Crown had failed to make out its case. He therefore dismissed the action and upon motion of Mr. Morrison, his counsel, the prisoner was discharged. W.M. Corbett appeared for the Crown and Morrison & Campbell for the accused.

Mr. Job Macer, sub-agent of Dominion Lands, has received his commission from the Department of the Secretary of State, Ottawa, appointing him a Commissioner under the Naturalization Act. This confers the power to fill in all naturalization papers. On the resumption of his provincial appointment as a Commissioner in B.R. dating from January 1st last, he was deprived of this power.

Please bid for prices on hogs every week Trimble & Jones. 46at

MOLTE & WOLLAN DESIRE FARM LISTINGS

Are Interested People in the U.S. To Buy and Locate Here

Messrs. Molte & Wollan who purchased land and settled in the Vermilion district a year or so ago are endeavoring to interest a number of farmers across the line to come over and buy here. To get in touch with a number of good farms which may be available for purchase at the lowest possible prices, these gentlemen have a notice in this issue of The Standard asking for listings.

Messrs. Molte & Wollan are connected with a land settlement firm with offices in Winnipeg, the states of Illinois and Minnesota, and if they procure a sufficient number of listings (1 good farm at reasonable prices around Vermilion the firm will run a thorough special agent out to this point loaded with farmer buyers.

TWELVE COUNTRIES REPRESENTED AT THE UNIVERSITY OF ALBERTA

The list of birthplaces given by the students of the University of Alberta indicates the diversity of interests centred there. Twelve countries figure in this list, distributed as follows: 271 Canadian, 15 Scotch, 60 Americans, 13 Scotch, 20 English, & Australians, 1 Austrian, 1 Russian, 10 Irish, French, 5 Norwegian, 1 Chinese.

TEMPERANCE SUNDAY MAY 3

On the above Sunday, north of the prairie in town will be observed the state "Prohibition" (Prohibition 1915). It is our aim and at least your influence to the end.

STOCKMEN HOLD THEIR ANNUAL MEETING

Association & Live Institution And Dotted Good Work

The annual meeting of the Vermilion Live Stock Feeders Association was held in the Town Hall, Vermilion, on Sunday afternoon April 18 at 8 o'clock with the annual attendance of about 100 members. The meeting was called to order by President L.A. Withers, and the minutes of meetings of the past year read by Secy. T.H. Kehoe and declared approved.

The election of officers for the current year resulted as follows: President — L.A. Withers, 1st V-Pres. — Wm. Neesh, 2nd V-Pres. — W.E. West, Secy-Treas. — T.H. Kehoe, Directors — E.A. Delano, Steve Nadelberg, R.S. Todd, Geo. Williams, K. Martin, R. Harris, John Bishop, G. Hind and E.G. Glines.

The reports and general business connected with the society to be in a most prosperous condition and a live institution among the stockmen. Since the Branch of the association was pointed out 50 new members have joined its ranks and the executive expect to print a new book before the end of the present year. Views expressed by several of the leading stockmen present at the meeting left no doubt of the many benefits accruing to stockmen through the instrumentality of the Vermilion Live Stock Association.

BASEBALLERS READY FOR SEASON

List of Officials Reported

The Baseballers had a well-attended meeting at the Premier Club rooms Monday evening of last week, and the following officials were elected for the coming year: President — F.N. Long, V-Pres. — A. Watt, Sec-Treas. — H.R. Culbert, Manager & Captain — A. Thelin, Finance Committee: H.R. Culbert, A. Watt, G. Wright and F.R. Long.

Executive Committee: J. Haggard, A. Watt, G. Wright and F. Doyle, Official Score: J. Haggard. Like all sporting institutions the Club starts with a deficit of some forty dollars, but with the method adopted this season to raise funds it is expected that the players will get away to a great start at least. One hundred membership tickets have been printed.

Beecham's Pills

The Vermilion chapter of Royal Arch Masons was formally instituted here on Saturday evening. Principals and Companions from the Capital City and North Star Chapters of Edmonton being in charge of the installation and in initiation ceremonies. The officers installed for the Vermilion chapter were:—

First Principal, A.W. Roseborough
Sec. " M.A. Brimacombe,
third " E. Hayward
Scribe, Geo. W. Wright
Asst. scribe A. Watt
Treas. M.A. Brimacombe
Palm. Sojourner, Joe. McKone

The Chapter starts off with over 40 members which is a record for new chapters in Alberta. Masonry has made great advancement in Vermilion within the past few years and the institution of a lodge of Royal Arch craftsmen indicates still greater strides on the part of the members of the Vermilion lodge. After the installation services were over the members repaired to the Alberta Hotel where a sumptuous banquet was provided by the members of the Vermilion chapter. The tables were most tastefully decorated with ferns and flowers from the Vermilion nurseries and First Principal Roseborough in proposing the toast to the visitors remarked on the fact that the growth and development of Vermilion were very strongly shown by the fact that in past years any floral decorations required were procured from Edmonton whereas now we boasted of nurseries equal to any in Alberta. The banquet closed at about twelve o'clock with the singing of the National Anthem. The menu provided by Host Telford was complete in every detail and came in for flattering praise

during the evening. Among the speakers were Companions Armstrong, Connell, Robinson, McDonald of Edmonton, and Companions Brimacombe Roseborough and Fellow of the Vermilion chapter.

The eleven month's old child of Mr. & Mrs. Wm. McInnis of Cummings district south of town, died Tuesday evening as the result of burns received in the morning. The father and mother were out of the house at the time and it is supposed a spark from the fire in the stove ignited the little one's clothing which was entirely burnt off when the parents returned to the house. Mr. & Mrs. McInnis have the sympathy of the community in their very sad bereavement.

Town sale, Sat. May 9, for Mr. W. A. Reid, horses, machinery, wagons, harness, furniture etc. R. L. Craig.

VERMILION SPORTS

The Pastime Club have perfected their programme for the annual celebration and day of sports to be held under their auspices on Monday, May 25 on the Exhibition Park grounds—the focus in the province, and given this day the town will witness the largest exhibition in its history. Committees have been appointed for the different events and it is probable that several thousand spectators will be present on that day.

The day opens with a series of athletic sports, including football, basketball, and other games. The football game is expected to be one of the most exciting, with the local team facing a strong opponent. The basketball game is also expected to be a close contest. Other sports include tennis, golf, and various track events. The day is expected to be a great success, with many spectators attending the various events.

The Randall Tournament in which teams from Vermilion, Medicine Hat, and other towns are competing, is also a feature of the day. The tournament is expected to be a very interesting one, with many close games. The day is expected to be a great success, with many spectators attending the various events.

PAY TAXES OR LOSE LOTS

Unless such lands are redeemed on or before the 31st of May, 1914, the same will be absolutely forfeited for non-payment of taxes.

The above notice applies to 100 lots in the town of Vermilion and a similar notice giving the last date for redemption on May 28 has been issued regarding some 25 lots in town of Lacombe.

The above is further notice to the proprietors of lands for the non-payment of taxes in 1913 and to non-residents under the town of 1913. Last year on a few lots the advantages of the provision of the act in this respect had been made manifest, but the non-payment of taxes in the last issue of the Alberta Gazette.

There have been given to the owners of these lands no legal notice of the forfeiture, to render the same lawful. In fact, the non-payment of taxes in 1913, and in nearly every case, the municipality, not being in the full, entire financial condition, has been unable to pay the taxes. The result is that the lands are being sold for non-payment of taxes. The result is that the lands are being sold for non-payment of taxes. The result is that the lands are being sold for non-payment of taxes.

After the sale the proceeds will be used for the payment of the taxes. The result is that the lands are being sold for non-payment of taxes. The result is that the lands are being sold for non-payment of taxes. The result is that the lands are being sold for non-payment of taxes.

Standard Supplement, June 3 '14

Wm. N. de la Shamack P.O. north of the Saskatchewan died Tuesday night of hemorrhage of the brain.

The key of the school board has informed the Standard that it is compulsory that all school children be vaccinated. Certificate of vaccination must be furnished. The two senior rooms of the school reopen this Thursday and the other rooms next Thursday morning, unless countermanded by the medical health officer.

CARD OF THANKS

Mr. S. Ferrel and Miss Ferrel wish to express their warmest and heartfelt thanks to the many friends for their kindly sympathy and help in their recent sorrow.

The Standard regrets that owing to the lateness at which it was received in the week, a couple of budgets of old news have to be held over.

Owing to the large increase in their business which necessitates an increase in the staff, the hardware firm of Neil & Law, have engaged Mr. George Walsh to assume the position formerly held with the old firm of Reed & Yungblut. His numerous friends will be delighted to see Handsome George's face back at the old stand. He is expected next week.

John Johnston of Salmon, was in town on Saturday. He is one of the many making a success in mixed farming in the Vermilion Valley country, his grain crop last year was a good one the oat yield being 90 bushels per acre and wheat 29 bushels.

156 SECTIONS NORTH OF VERMILION TO BE COLONIZED

BEST CLASS OF DISPERSED FARMERS TO BE SECURED BY - ORIGINAL PURCHASERS

Edmonton, Alta., June 9.—George H. Draper of New York, and J. Mitchell Hoyt of Chicago, heads of a well-known American syndicate, have just acquired 70,000 acres virgin lands in the Vermilion valley, east of Edmonton, where a colony of experienced farmers and engaged in diversified agriculture. The land cost \$1,300,000, one-fifth of which was paid in cash, the balance being spread over a period of five years. The tract is located by the Saskatchewan river and is near Beaver lake. The district in which it is situated will be tapped by the Cdn. & N.W. Railway Company's main line and several branches, also the Alberta & Great Waterways railway, which is being built from Edmonton to Fort McMurray by the provincial government of Alberta, and a line to be constructed from Vermilion to Fort McMurray. James A. Powell of Edmonton, former owner of the tract, announced to-day that development work will begin at once.

In connection with the above deal being included 156 sections of land lying north of Vermilion between here and the Raskett branch river from Vermilion to the north-west corner of the 4th township 30 to 32 W.P. Brown who is now a resident will represent the company who expect to open an office at Vermilion in the near future. The lands are to be colonized as soon as possible. These lands will be taken up in the state of Illinois, Iowa and Wisconsin and with the present land owners offered to dispossessed farmers will be brought in by the practical experience of successful farming.

Mr. Brown, with a land guide and a photographer, is now inspecting every section of these large holdings at present in Vermilion and four pictures of each section is to be taken before his work is completed. With the coming out of the large colonization plan it is not hard to compete the great growth the town will undergo.

SPIRITUAL HEALING

Regent of Medical Treatment in
However, Deserving, in
Recent Progress

The reports of the committee on
spiritual healing in Dallas were
made by a number of persons
of varied racial and national origins, but were
unanimous in their conclusions. They in-
cluded the Dean of Westminster, Sir
John Galsworthy, and the Duke of Devon-
shire, the latter of whom said that he had
known the late Dr. Paine for many years
and called him a "good man."

The committee also advised the
efficiency of spiritual or mental
healing in the case of all forms of
illness, and that the committee believe that
the spiritual healing of the body is
not a mystery, but a natural
process, and that it is the
right of every man to be
treated in this manner, and that
the law of the land should be
such as to protect the right of
every man to be treated in this
manner.

It is not as difficult as some who worry of have come to judge the situation as it looks. The people of the world are not as stupid as they are often portrayed to be. They are not only intelligent but are also especially receptive to the truth. The people of the world were not taken these millions of centuries would not rise to believe in the things that are said and when they come near to the stable

Do Light Rays Develop Germ? The Board, Director of the Puerto Institute in Paris, read the other half of a letter from the author of ultra violet rays, describing the effect of causing microbials to the light rays.

A prolonged and carefully regulated

of authors names resulted in 10,000 hits per day, a number of the millions, but thousands of them were irrelevant. The search was so complicated that it took the two authors a month to find the information they needed, where an initial web search could find the results transferred to their e-mail in an instant. The authors also noted that the search results were not perfect, having a lot of dead ends, but they were confident that there at least would be some hits to go on to a different search engine. Boomer Camp.
Watch them grow.
Mr. & Mrs. Celeste A. Boomer and baby son, left Vermilion Friday night last on route to England.

Weather conditions remain just as far from the norm as ever. An old rain with clouds of variable hue have the water for the last week.

A general meeting of the Lake Ranch Protective Association is to be held in the town hall Saturday August 1. The they will discuss and act matters in all members.

The members of the Council of the Municipality of Vermilion Valley will meet next Tuesday, July 11 in the town hall, Vermilion at 2 o'clock.
Rev. J. C. Anderson, pastor of the Methodist church, judged some pictures from his own garden for dinner on Monday, July 6. We guess the garden has the record for this season.

Principal Beards and Asst. Prin. Fitzgerald are in Edmonton reading Departmental Exam papers. They went up to the city last Saturday night.

Inspector R. H. Parker goes up to the Capital Saturday, having been appointed to the staff of inspectors for the four weeks summer session for teachers at the University.

At the recent departmental exam held at the Vermilion College school 33 candidates in all wrote 28 on Trade VIII, 8 on Trade X and 8 on Trade XI. At the first exam held here for the department in 1910 the number writing was 4. The comparison of these figures is a striking one.

Miss McPherson and Miss Bell, two of the nine teachers on the staff of the high school, transferred their resignation papers to the Board and the school is left here to be closed during the holidays. It is learned that next year Trade XII will not be taught in the school.

The Wellstone & A. group and one of which is not payment, can still take the same thing. They are arranged. A programme of sports, children's exercises, etc., will be provided. The programme of the children's and other school will go to the support of St. Mary's church, Wellstone.

Tuesday afternoon and evening of June 30, was an open day at the Private Hospital and all officers, men and serving the ladies of the town and a number of the gentlemen, streamed to the hospital. The doctors and the nurses, articles of useful import, which some of the kind ones took it into their hearts to bring with them, was certainly very encouraging to those who are trying to be made completely well in the town. The nurses in charge will be able to continue the same work, and feeling they have the sympathy and encouragement of the people.

The Famous Monarch Range, absolutely the best for the money, on the market. Other Stoves and Ranges for every purpose, Oil & Gasoline stoves for Hot weather.

FURNITURE. Some of the more moderately priced goods on hand, but the higher classed goods from Catalogue, as we can give you a wider range & better prices in that way.

DeLAVAY CREAM SEPARATORS

These need no discussion, as they are the World's Standard, which all other makers try to come up to.

Undertaking & Embalming

Regarding this line, a mistaken idea seems to have gained currency, that we had sold out and were no longer in the business. This is not correct. We carry a very large stock of both Children's & Adults caskets, and give careful attention to the work. We expect our business in a few days.

Should we happen to be out of any of the above items at any time we will write or wire and have it for you without delay.

Fragrance

When you open a tin of Red Rose Coffee, you will surely be pleased with its unusual fragrance, and you will note particularly the small, even grains, free of the yellow flake or chaff which you have always been accustomed to see in the ground coffee you have used. This is the result of our new crushing process. The small grains settle quickly, so the coffee is never muddy, but always bright and clear. You will be convinced before you taste it, that it is a coffee of unusual quality.

Red Rose Coffee

Where Does It All Count?

A young woman from abroad was a little bit concerned of the country's coffee. She was sure that she was getting better coffee by ordering delivery to her home. Dr. Chase's Food

This Letter Tells the Story

Mrs. J. D. Palmer, 30 Park Street, Amsterdam, N.Y., writes:—"When six years ago my boy began to have fits. They came on in the night. He would make strange noises, stiffen out, froth at mouth, he would twitch and sometimes turned purple. After the fit he could not talk.

"The family physician said all he could do was to keep them down somewhat. The second physician pronounced trouble Jeffersonian epilepsy, but could not cure him. He suffered for six years and before beginning the use of Dr. Chase's Food, had three fits in about five days. Our druggist recommended Dr. Chase's Food. He has taken seven boxes and has not had the symptoms of a fit since beginning this treatment five months ago. His color has greatly improved. He is not nervous and irritable like he used to be, and we consider his case a most remarkable one."

Makes Pure Children Strong and Robust

I believe it is one of nature's wisdoms and designs when the vigor of the young is renewed. Fresh supplies in healthy development, rising in the ages, availability of response and growth before the eyes, purest of things, should be purest, playfulness, or some other force of nervous vitality. The weakness of the young is not a necessary treatment as Dr. Chase's Food is necessary to revitalize the body in general, and, to fill the system with vigor and ward off disease. Hence:

Dr. Chase's Food is an mild and gentle action and at the same time as powerful as any American Food.

Note the response in weight with Dr. CHASE'S NERVE FOOD, it being said.

The foreign office was officially notified by the Dutch envoy that Germany had invaded the Netherlands at Tilly, Holland had proclaimed its neutrality.

The German made company's cable to Germany is in the company cannot reach the first landing station. The 11 mile fleet off the North Atlantic is at present equipped for cable laying and repairing, and it is presumed that it may have cut the German line. Communication from United States to Germany is severed by a submarine process. The press states German goal.

Assured of England's support in the protection of its French coast from German attack, France today hurled more than a million men toward the frontier of Belgium. The French army, supported by the Belgian army, is now in position to attack the German army. The French army is now in position to attack the German army. The French army is now in position to attack the German army.

As official statement made that England has captured 75 German merchant ships to date. It is declared that a great battle has been fought at the North Sea.

"Knack" Is not needed to make good coffee every time. Follow the directions on the sealed tin of Red Rose Coffee; and in six minutes the small crushed grains give you the full strength and brisk flavor of this coffee. There is no dust, no Red Rose Coffee requires no "knitting". No chaff, no no better taste. You will surely like it.

Way to Clean Windows
A contributor to the various design magazines is concerned the cleaning of windows. To clean windows, he says, is to clean a surface that one should not touch. He suggests that one should use a spray bottle of water and a squeegee to clean the windows. He says that this method will keep the windows clean and clear, and will not leave any streaks or marks. He also suggests that one should use a soft cloth to wipe the squeegee after each use. He says that this will keep the squeegee clean and clear, and will not leave any streaks or marks. He also suggests that one should use a soft cloth to wipe the windows after each use. He says that this will keep the windows clean and clear, and will not leave any streaks or marks.

"My name's 'D' for Dr. Jekyll," he said, "and my alter ego is Mr. Hyde." He said he'd been reading the novel and was so enthralled by it that he'd decided to make a book out of it. "I've been reading it for weeks," he said, "and I've been thinking about it for weeks." He said he'd been thinking about it for weeks.

the 1970s. The first of these was the *Journal of the American Academy of Child and Adolescent Psychiatry*, which was founded in 1970. It was the first journal to publish research on the treatment of children and adolescents. It was also the first journal to publish research on the development of children and adolescents. The *Journal of the American Academy of Child and Adolescent Psychiatry* was founded by a group of child psychiatrists who were concerned about the lack of research on the treatment of children and adolescents. They wanted to create a journal that would publish research on the treatment of children and adolescents. The journal was founded in 1970 and has since become one of the leading journals in the field of child and adolescent psychiatry. It publishes research on a wide range of topics, including the development of children and adolescents, the treatment of children and adolescents, and the prevention of mental illness in children and adolescents. The journal is published by the American Academy of Child and Adolescent Psychiatry, which is a professional organization of child and adolescent psychiatrists. The journal is published quarterly and is available to members of the Academy. It is also available to non-members for purchase. The journal is a valuable resource for child and adolescent psychiatrists and other mental health professionals. It provides up-to-date information on the latest research in the field of child and adolescent psychiatry. It is a must-read for anyone interested in the treatment of children and adolescents.

the examination has been discussed in the literature. The purpose of this study was to determine the effect of the examination on the performance of the examinee. The study was conducted in a laboratory setting. The examinee was given a series of questions and the time taken to answer each question was recorded. The results of the study showed that the examinee's performance was significantly affected by the examination. The examinee's performance was significantly lower when the examinee was given a series of questions than when the examinee was given a single question. The results of the study also showed that the examinee's performance was significantly lower when the examinee was given a series of questions than when the examinee was given a single question. The results of the study also showed that the examinee's performance was significantly lower when the examinee was given a series of questions than when the examinee was given a single question.

1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to determine what consumers want and what problems they are trying to solve.

2. Once a market need has been identified, the next step is to develop a concept for a product that meets that need. This involves brainstorming ideas and creating a prototype.

3. The third step is to conduct a feasibility study to determine if the product can be manufactured and sold profitably. This involves analyzing the costs of production and the potential market size.

4. If the feasibility study is positive, the next step is to develop a business plan. This involves outlining the marketing strategy, financial projections, and operational details of the business.

5. The final step is to launch the product and monitor its performance in the market. This involves implementing the marketing plan and tracking sales and customer feedback.

No Requests for Peace Stamps

At the post office department it was stated that no official representations have been made regarding the issue of peace victory stamps as it being done in the United States. There has been some outside talk about it, but as yet no official consideration had been given the matter.

THE VALUE OF OUR PUBLIC HIGHWAYS

FIRST ROADS WERE MADE FOR MILITARY PURPOSES

The Romans Were the Pioneers in Road Building, and Abundant Proof of Their Enduring Quality is Attested by the Ruins of Their Roads in Every Part of the World.

Because they go, over the difficulties of rough roads, easily that way and on account of the general habit of using the waterways as by-ways, the first roads usually followed along the banks of rivers and lakes.

It is so today in Canada. It has been the rule in all the ages that although that which never

TRUE REFINEMENT

There is an atmosphere of true refinement which distinguishes *Cremes de la City*. Everywhere you go, it is actually considered as a mark of good taste. The pure cream in which the paper is printed is the mark which distinguishes it from the papers of other firms. I have used it for the last 10 years and I can tell you that no one has been able to equal its refinement by the use of the same ink. I have used it for the last 10 years and I can tell you that no one has been able to equal its refinement by the use of the same ink.

THE STANDARD

VERMILION, ALTA., MONDAY, NOV. 21, 1922

His Honor Judge Paterson has been visiting in the city for some time. He has been very busy with his court work and has not had much time to devote to his private affairs. He is expected to return to his home in the near future.

The fire department has been very busy lately. They have had several fires to put out and have been very successful in their work. They are well equipped and have a fine crew of men.

The school children are very happy and are enjoying their school very much. They are well behaved and are making good progress in their studies.

The weather has been very nice lately. It has been a pleasant surprise after the cold weather we have had for so long. The children are enjoying the weather very much.

A large crowd of people is gathered in front of a two-story building with a gabled roof. The building has a sign that reads "Wheat". The crowd is dense, filling the foreground and middle ground. The building is light-colored with a dark roof. The scene appears to be outdoors, possibly in a town square or a market area.

BUILDING PER- MITS FOR 1914

These Totaled 29 And
Covered Expenditure
Of Nearly
30,000.00

In giving a review of the pro-
gress of the town for the year 1914
The Standard feels that Vermilion
had a most prosperous and con-
spicuously speaking active year.
Following a period of financial dis-
pression and the outbreak of the
war, there is every reason for
rejoicing on the attainment of
conditions abundant in Vermilion
and the steady development which
marked the past year in all build-
ing lines. With the exception of
the handsome brick block erected by
the Royal Bank of Canada, it
will be noticed that building is
confined to new residences, addi-
tion thereto and outbuildings.

"So you have given your wife your word that you will never return to the army?"

"That replied the man who declares himself a pacifist."

"What are your reasons for doing this?"

"It is cheaper. If I say I'm not in the army, I can vote for whom I want. I don't want my wife to feel a twinge so that I will not be able to do as I please. I will enable me to square myself."

"Squaring?"

"Unquestionably."

Little Bloor was playing with his new ball, and he was laughing after a while, when his mother entered with a letter.

"Woe, heh," she exclaimed, "how many times have I told you not to come to the window. You are making a fool of yourself, you see, my mother," explained the boy, and he turned away.

"Everybody's Magazine."

TYPHOID

IN MANY COUNTRIES
TYPHOID FEVER is the most
common cause of death. It
is a disease which has been
known for centuries, and
which, in its most severe
form, is fatal. It is caused
by a germ, and is spread
by the water supply. It is
characterized by a high
fever, a rapid pulse, and
a redness of the throat and
mouth. It is often accompanied
by a rash, and by a
delirium. It is a disease
which is most common
in the tropics, and in the
warm countries of Asia and
Africa. It is a disease
which is most common
in the summer months, and
in the months of June, July,
and August. It is a disease
which is most common
in the lower classes of
society, and in the
crowded cities. It is a
disease which is most
common in the warm
countries, and in the
tropics. It is a disease
which is most common
in the summer months,
and in the months of
June, July, and August.

Penicillin is safe and successful if it is taken in the right way. The most common mistake is to take too much or too little. The correct amount is 100,000 units per dose. If you take more than this, you may have side effects. If you take less than this, you may not get the full benefit. The best way to take penicillin is to follow the instructions on the label. If you are not sure, ask your doctor. The correct amount is 100,000 units per dose. If you take more than this, you may have side effects. the ground where he was arrested, and was followed by a crowd of 100 to 150 people, many of whom were not responsible for Newtork's actions. The crowd was so large that it was necessary to clear the area and realizing that it was dangerous to have a large gathering in the Astor House, the crowd was dispersed. The crowd was then dispersed by the police and the crowd was then dispersed by the police and the crowd was then dispersed by the police.

The Arm of Gilead

The organization of a new arm of the Israeli Air Force is a matter of some importance to the defense of the State of Israel. The new arm is the "Arm of Gilead," named after the biblical region of Gilead, which was the home of the Israelites during their wanderings in the desert. The Arm of Gilead is a new type of fighter jet, designed to be able to operate in the desert environment of the Middle East. It is a multi-engine, high-altitude, long-range fighter jet, capable of carrying a large payload of missiles and bombs. The Arm of Gilead is the most advanced fighter jet in the Israeli Air Force, and it is the only one of its kind in the world. It is a true marvel of modern aviation technology, and it is the pride and joy of the Israeli Air Force. The Arm of Gilead is a testament to the ingenuity and skill of the Israeli Air Force, and it is a symbol of the strength and power of the State of Israel.

Nothing for Family Use Can Compare With It

RUB ON NERVINE

It has long been known that the most effective treatment for rheumatism, neuralgia, sciatica, and other painful conditions is the application of a strong, penetrating liniment. Rub on Nerve is the only liniment of its kind that is safe for family use. It is the only one that is so effective that it can be used on the most sensitive parts of the body. It is the only one that is so strong that it can be used on the most stubborn cases. It is the only one that is so safe that it can be used on the most delicate parts of the body. It is the only one that is so effective that it can be used on the most stubborn cases. It is the only one that is so safe that it can be used on the most delicate parts of the body.

Officer Tells of Daring Escape
 Being slain is described by
 family; lieutenant, wounded
 and how he was rescued.

German shell falls almost
 directly on the general, digging
 hole some three feet in depth
 beneath his trousers. A de-
 tachment of German troops
 and a full company of the 67th
 division are within 500 yards
 of the general's position. The
 general is wounded in the
 chest and arm. He is rescued
 by the 67th division and
 taken to a hospital.

## BACK HOME

### (Or Come and See)

There is something strangely reminiscent about life in Western Canada. It may be a little more rugged, a little less polished, but it's still the same when the sun is shining and the prairie winds are blowing. Here in Canada, the grass grows greener, the mountains are higher, and the stars are brighter, night after night. It's a little different, sure, but it's still home. And that makes us feel a little more like we've come home. And if you're interested, we'd love to hear from you. Write to us at: Canadian Northern, 1000-10th Avenue, Suite 100, Calgary, Alberta T2C 1P5. We'll be glad to send you a copy of our new brochure, "Back Home" (or "Come and See").

the shock to the Latin American. Agricultural products were marketed at a price 10 percent below world market prices and only for part of the year, in most situations. We will endeavor to improve our situation. First I think if you will send us the names and addresses of all banks in your part, we can begin making our credit arrangements.

It is hard to make a list of the banks in the area when you think about Guatemala. We have a central bank, and either the Public Debt, the Banking Department, Canadian Southern Resources, the Banking Corporation, or the office of the newspaper is hard to get. N. R. Aguirre. David

The Dominion government has bought up all the steel pipe it could obtain in this district within a week or two of these weeks and is still looking for more. One or two months have been passed from business with the government. The government is buying steel for the construction of the railway in northern Saskatchewan.

Travelling in the absence of so many members of the Board of Trade from the city has been a serious matter. It has been taken place Wednesday evening as we expected. Thursday morning of next week it is expected that all interested in the work of the Board here that evening open and attend. Officers for the coming year will be elected and other business of importance transacted.

The Canadian Merchant report to have their through service from Toronto to Port Huron established by July or August of this year. The service that Vermilion will be placed on a convenient route that will carry through line one of the most important new travelling the great west. There is much to hope for in this new departure as it will mean increased business at the yards and

Word has been received in town that Lumber Co. has been established as a money order office and that the service in the mail service to take the department. Lumber Co. is one of the most progressive sections of the district of Vermilion and the people are to be congratulated on the facilities that will be provided them by the Dominion government for transacting financial business from transacting business.

According to a note in the Standard this morning, some dropped two cents on Wednesday and there are some who are looking for a further lowering of the price of grain generally. The market price prevailing the past few weeks has been largely due to the activity of the agents of the Dominion government in buying and selling grain.

## GERMAN KULTUR AS SHOWN BY RULES OF PRUSSIAN WAR BOOK

**MILITARY TEACHINGS ARE DOWNRIGHT SAVAGERY**

Manual of the Usages of War on Land, Issued by the General Staff of the German Army, Justifies Assassination, Incendiarism and any means to Accomplish the End

Prof. J. H. Morgan has translated the manual of military usages, issued by the German General Staff, which sets forth the principles of warfare as taught to the officers of the German Army. The book is a masterpiece of savagery, and its teachings are downright savage.

The author states that the object of war is to destroy the enemy's power to resist, and that the only way to accomplish this end is by the destruction of his resources, his communications, and his morale. He advocates the use of poison gas, incendiary bombs, and other methods of mass destruction, and he declares that the only way to win a war is by the complete annihilation of the enemy.

This manual is a clear and concise statement of the principles of modern warfare, and it is a testament to the barbarity of the military mind. It is a book that should be read by every citizen who is concerned about the future of our civilization.

On Jan. 22, 1962, the day after the formation of the new Soviet government, the Soviet Union announced that it had decided to "cancel" the arms control talks. The Soviet Union said that the United States had not been "sufficiently flexible" in its proposals for arms control. The Soviet Union also said that it had decided to "cancel" the talks because the United States had not been "sufficiently flexible" in its proposals for arms control.

## Replenish Your Blood In The Spring

Just when you are feeling the effects of the winter months, and your blood is becoming depleted, it is time to replenish it. The best way to do this is by taking a course of blood purifiers. These will help to cleanse your blood of all impurities, and will give you a new lease of life. They will help to cleanse your blood of all impurities, and will give you a new lease of life.

To the Man Who Loves His Country, the best way to show his love is by serving his country. This can be done in many ways, and one of the best is by joining the military. The military is a place where you can learn many valuable lessons, and where you can serve your country with honor.

The people of Germany are being misled by the German government. They are being told that the German military is winning the war, and that the German people are the victors. This is a lie, and the people of Germany should know the truth. The German military is losing the war, and the German people are the losers.

Cutting out the dead clouds at the race track, never was a better day of sports pulled off in the town as the third annual celebration Monday, May 24th. The weather was ideal and the crowd enormous, large numbers being in attendance from Waterbury, Vegreville, Minnerville, Jody, Kinross and Lloydminster as well as the whole country side. All the events were pulled off on schedule time and the winners were of a better nature than most. In the 100 yds. race the crowd was so large that the race was held in the open field. The 100 yds. race was won by the local team, the 200 yds. race by the local team, the 400 yds. race by the local team, the 800 yds. race by the local team, the 1600 yds. race by the local team, the **Women's Wages**

**British Women Want Aiding For Equal Compensation With Men**

The women of the United Kingdom are demanding that their country's government take steps to bring their wages into line with those of men. The women's movement in Britain is pressing for equal pay for equal work, a goal that has been a long and difficult one to achieve. The movement is based on the principle that women should be paid the same as men for the same work, regardless of their sex. This principle is now being widely accepted in many countries, but in Britain it has been a long and difficult process. The women's movement in Britain is now making a strong case for equal pay, and it is hoped that the government will take steps to bring about this long-sought goal.

### Poisonous Gas

Many soldiers in the front lines are suffering from the effects of poisonous gas. The gas is being used by the enemy to kill and maim the soldiers. The soldiers are being forced to wear gas masks and to take other precautions to protect themselves. The gas is a terrible weapon and it is a tragedy that it is being used in this way.
